## THEATRICAL OFFERINGS

### EDGAR SELWYN NEXT AT LIBERTY

"Brother Officers," the English feature film by Leo Trevor, produced by an English organization and acted by a company of all-star English players, will be shown at the Liberty theater for the last time tonight. "Something different" from the American production was promised in "Brother Officers," and "something different" it is. The story told in this feature photograph, the staging of the picture and the work of the artists, all combine to make a thoroughly enjoyable picture. Probably the most tense scene in

the entire drama is the rescue of a British officer by a soldier when his life is threatened in the Khyber Pass, an Afridi knife being in close proximity to his head. The soldier bears his wounded superior officer on his back along a narrow and dangerous trail, the pair of men being the target for the bullets of the foe until reinforcements reach them. Edgar Selwyn, in a spectacular picture of his own romantic drama, "The Arab," comes to the Liberty tomorrow night for the first half of the week.

## ADVENTURES OF KATHLYN' AT END

Gustave Frohman's initial offering through the World Film Corporation service, closes at the Hawaii theater tonight an engagement that has brought the productions of this well known and successful theatrical magnate well into the limelight in Honolulu. In "The Builder of Bridges," Frohman has given to the screen one of the successes of the late Kyle Bollew. C. Aubrey Smith is seen in the title role, that in which Bollew appeared for several seasons, while Marie Edith Wells is seen in the opposite role.

Alfred Sutro, the author, has woven a clever and a deep plot. Each succeeding episode is closely linked with its predecessor. There is nothing that might be termed "lost motion" anywhere in the entire feature. The final episode of "The Adventures of Kathlyn" also ends with the performances of tonight.

## 'COON' SINGERS CLOSE TONIGHT

Josephine Gassman and her picaninies will give their last show in Honolulu at the Popular theater tonight. As tonight's performance is the farewell to Honolulu of Miss Gassman and her company, so far as the stage is concerned, it seems that the audience will pack the house.

The present picture features of the bill at the Popular are exceptionally good. The film showing Art Smith, the daredevil flyer at the Panama-Pacific exposition, is worth going a long way to see. While in the air at night, Smith does some wonderful work and the darkness is punctured with all kinds and forms of light while the sensational birdman is putting his machine through the paces.

## DINNER-DANCE AT HALEIWA THIS EVENING

There will be an elaborately appointed moonlight dinner-dance this evening at the Haleiwa hotel, at which Hawaiian music will be a feature. Aside from an excellent menu there will be a program of the latest dances and many society folk of Honolulu and the army and navy, as well as tourists, are expected to motor to Haleiwa to enjoy the festivities. Those who go from Honolulu and the adjacent military posts are guaranteed a most enjoyable evening.—Advertisement.

ALL FRANKLIN CARS are built to the end of giving the best service at the least expense

Real service can be measured in the reliability, comfort and economy with which an automobile meets the requirements day in and day out.

The FRANKLIN is designed as a car for all-around use over roads as they come with all the luxury that a fine car gives.

To go the farthest in a day, and to be able to continue to do it without overburdening the owner's endurance or purse is the Franklin Standard of performance.

FRANKLIN CARS in the hands of owners average 16 to 24 miles on a gallon of gasoline, 8,000 to 10,000 miles on a set of tires, and 400 to 900 miles on a gallon of oil.

These are facts which we are willing to prove to you, if you are ready to judge a car on the basis of efficiency, convenience and comfort.
